Kenyan

Address

Site/Institution Name: CREATES, Strathmore University
Postal Address P.O. Box 59857
Postal Code: 00200
Physical address: Ole Sangale Road, Strathmore University
Website: www.strathmore.edu

Short Profile

I am a skilled full-stack technology professional with experience in software development, systems administration, database management, cloud infrastructure, and business process automation. Over the years, I have worked on the design and implementation of scalable web-based systems, payment integrations, analytics platforms, and enterprise management solutions across different sectors including healthcare, insurance, and organizational operations.

Currently serving as the IT/Data Manager at CREATES - Strathmore University, where I oversee the organization's IT infrastructure, systems management, data operations, and digital transformation initiatives. My role involves managing enterprise systems, ensuring data integrity and security, supporting research and operational technology needs, and implementing innovative digital solutions to improve efficiency and service delivery.
